

Quick Member Guide

The More the Merrier!

Be sure to share why you joined ASHRAE with your colleagues and friends. There are many ways for students and young professionals to join ASHRAE Society as new members for \$52 or less: Student grade, SmartStart (Student Transfer), and Affiliate grade for those under 30. Want us to convince them? Refer them as a potential member by emailing ashraestl@gmail.com

Are you ready to graduate?

ASHRAE Associates can graduate to Member grade after twelve (12) Society-approved years of experience. This includes post high school education and work experience. Get extra credit for accredited programs and PE licensure. Member grade status allows you to show other members your commitment to the industry and the organization as well as hold certain Society positions. Email ashraestl@gmail.org for more information.

Student grade members can graduate to Associate grade using the new SmartStart transfer program that has reduced Society dues for the first 3 years of continued membership after graduating. Visit ASHRAE.org for more information or email ashraestl@gmail.org.

Become a chapter member and attend all chapter meetings for free!

St. Louis Chapter annual dues are just \$75 and include 8-9 monthly chapter meetings and a minimum of 13 PDH hours, an over \$200 value. Chapter membership also includes a discount on the annual HRATEC seminars held in winter each year. Chapter dues can be paid online with Society dues or directly to the Chapter. Email ashraestl@gmail.org for more information.

Note: Society membership is a prerequisite for Chapter membership.

Be sure to keep your ASHRAE profile up-to-date!

Log on to ASHRAE.org to log into your member account today and verify that your information is up to date. Keeping this information up to date ensures that Society and the Chapter can best serve your membership needs. If you need assistance logging into your account, contact us at ashraestl@gmail.com.

Not getting Chapter emails or meeting registration confirmations?

If you're not receiving chapter emails properly, such as meeting invites and PDH certificates or your meeting registration confirmations, check your junk or trash folders. Many email systems automatically filter out these types of emails. Please add ashraestl@gmail.com and admin@ashraestl.org to your safe senders list.

Note: PDH's will be sent to the email address used for meeting registration.
