

KICK-OFF MEETING APRIL 25, 2012

Find out why area businesses and building stakeholder organizations are uniting to help St. Louis become a greener region!

The St. Louis High Performance Building Initiative seeks to increase the square footage of third-party verified green space in the St. Louis region by increasing:

- Focus on greening existing buildings and building performance
- Professional development and training opportunities related to high performance buildings, and especially for greening existing buildings
- Familiarity with Energy Star, LEED, Sustainable SITES, ASHRAE's Building Energy Quotient and BOMA 360 and other tools that measure building performance
- Healthy and sustainable buildings that improve occupant comfort, performance and safety

Learn about the Initiative's plans for 2012 and how you can get involved!

Plus Guest Speaker: Joe Abernathy

Vice President of Busch Stadium Operations for the St. Louis Cardinals,
on the high performing energy efficiency and waste reduction strategies at Busch Stadium.

WEDNESDAY, APRIL 25TH • 7:30 A.M. TO 9:30 A.M.
